

USER MANUAL (DRIVERS): PARKING4THEWIN

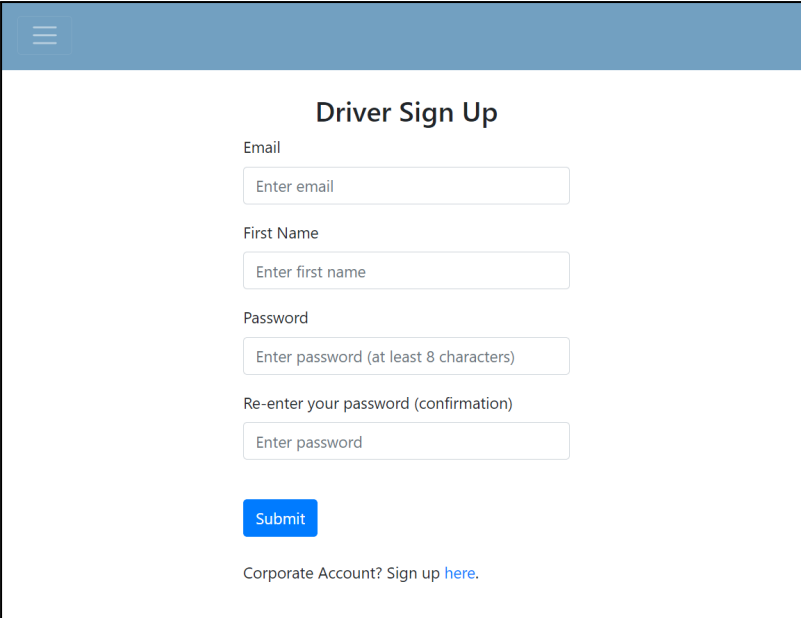

Welcome to Parking4TheWin! This website helps drivers find car parks near their desired location and earn points by parking at a carpark they have indicated an interest in. Earn attractive rewards for your favourite shops by parking with us! This guide will walk you through the use of our website.

Get Started:

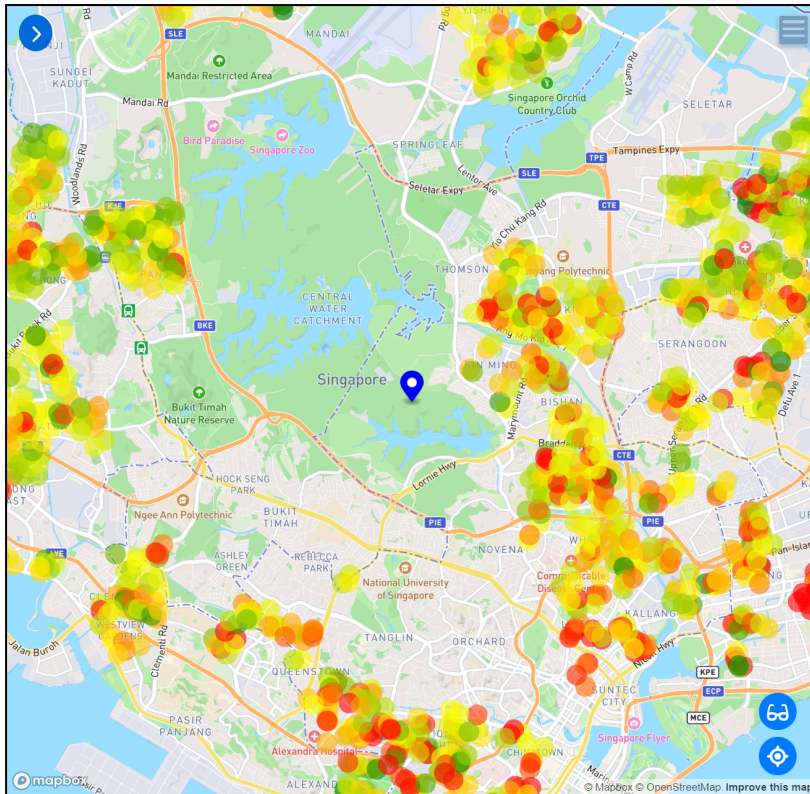

The screenshot shows the 'Driver Login' page. It features a blue header bar with a hamburger menu icon on the left. The main content area is white and contains the title 'Driver Login' in bold. Below the title are two input fields: 'Email' with a placeholder 'Enter email' and 'Password' with a placeholder 'Enter password'. A blue 'Login' button is positioned below the password field. At the bottom, there is a link that says 'Corporate Account? Login [here](#)'.

To use this website, you must have a valid email address and a strong password. Your password should be at least 8 characters long, with at least 1 alphabet, 1 digit, and 1 special character.

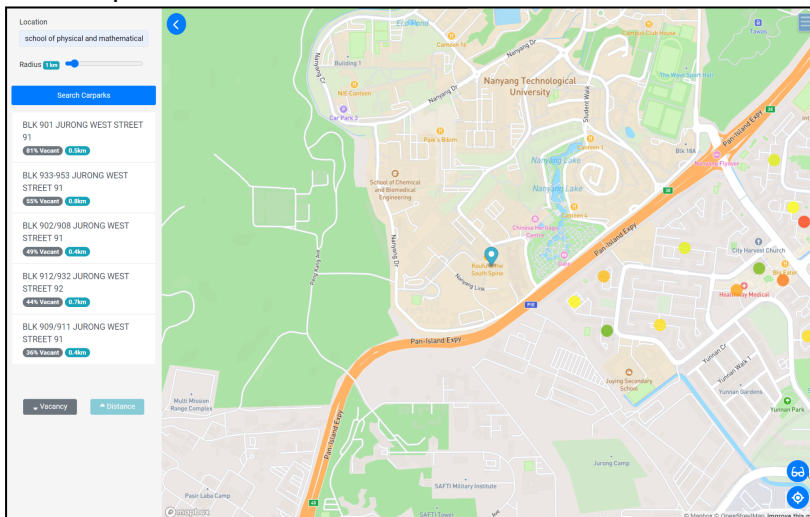

The screenshot shows the 'Driver Sign Up' page. It features a blue header bar with a hamburger menu icon on the left. The main content area is white and contains the title 'Driver Sign Up' in bold. Below the title are four input fields: 'Email' with a placeholder 'Enter email', 'First Name' with a placeholder 'Enter first name', 'Password' with a placeholder 'Enter password (at least 8 characters)', and 'Re-enter your password (confirmation)' with a placeholder 'Enter password'. A blue 'Submit' button is positioned below the confirmation field. At the bottom, there is a link that says 'Corporate Account? Sign up [here](#)'.

If you are a new user, click on the sign-up button on the login page and enter your email address and a strong password. If you are an existing user, enter your email address and password on the login page to access the app.

Once you log in, you will see a map displayed on your screen.

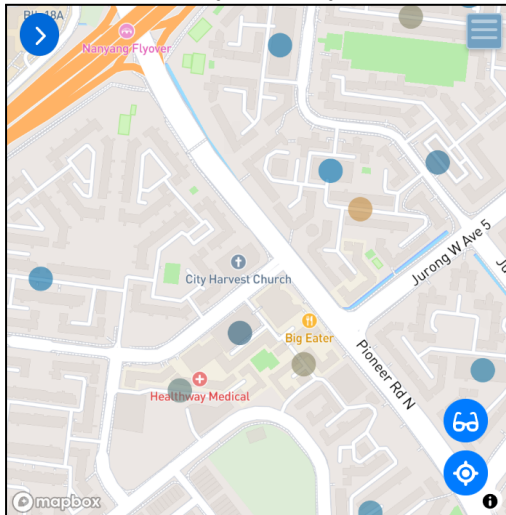

Find Carparks:

Enter the address and specify a radius to find carparks near your desired location. If unspecified, the default radius will be 5.5km.

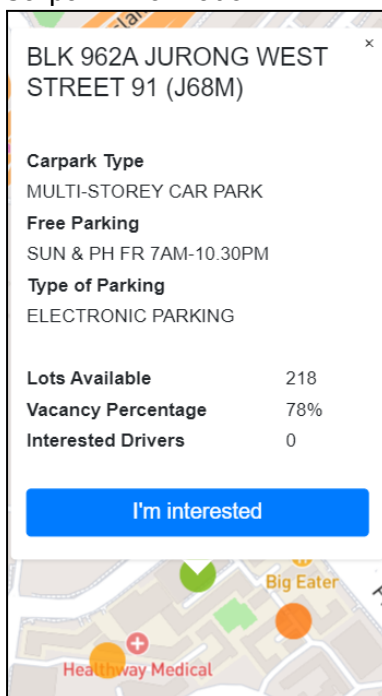

The carparks are displayed as bubbles on the map. The bubbles are colour-coded based on availability. Green means the carparks have the most vacant parking lots, followed by yellow, then red, indicating the carparks with the least vacant parking lots.

Colour Deficiency Friendly Mode:

If you have red-green colour vision deficiency, you can click on the spectacles icon at the bottom right of the map to switch the colour scale.

Carpark Information:

To view information about a carpark, click on the bubble corresponding to that carpark. This will show you the details of the carpark, including parking lot availability and the number of drivers interested in parking at that carpark.

Indicate Interest in a Carpark:

To indicate your interest in parking at a carpark, you need to register your COE.

1. Proceed to the COE Registration Page. Fill in the fields as necessary and click "Register".
Note: COE must be valid. An expired COE cannot be registered on the website.

COE Registration

Full Name

Vehicle Number

Once you indicate your interest in parking at a carpark and park at the carpark, you can earn points by uploading a photo of your car parked at that carpark. The photo should be a real-time taken picture of your car in the parking lot, with your car plate, for verification.

Once the photo is uploaded, you will receive a point.

Earn Rewards:

You can claim the reward of your choice when you have collected enough points.

Congratulations! You are now ready to use Parking4TheWin. Enjoy finding the perfect carpark near your desired location and earning points for your parking efforts!

FAQs:

1. What is the purpose of this website?
This website is designed to help drivers find car parks near their desired destination, and to reward drivers who park at the car parks they indicated interest in.
2. Is registration required to use the website?
Yes, you will need to register an account with a valid email address and a strong password to use the website. Optionally, you may register your COE to earn reward points.
3. How can I find car parks near my desired destination?
To search for car parks, simply enter your destination location into the search bar and specify a radius. If you do not specify a radius, the default of 1.5km will be applied. The website will display a map with colour-coded bubbles representing car parks within the specified radius of your destination. Alternatively, you can choose to view a list sorted by distance and vacancy.
4. How do I indicate interest in a car park?
You need to first register your COE with this website by uploading quality photos of your COE certification. After you have registered your COE, there will be an option for you to indicate interest when you click on the bubble of the car park you want to indicate interest.
5. How will I be rewarded for parking in the car park I indicated interest in?
To indicate your interest in a car park, you must first register your COE with the website by uploading high-quality photos of your COE certification. Once your COE

has been registered, you can simply click on the bubble representing the car park you are interested in and select the option to indicate interest.
